4. Evaluating Progress Toward Measurable Goals MCM 1

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Continue to make available program reports available to the public and to provide public education information, with a focus on potential impacts from construction activity. Ensure all contractors / site designers who inquire about potential projects at Village Hall have access to program requirements.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

Although there are few potential construction sites in the Village, almost all of them are over 1 acre. The Village continued to be diligent in enforcing SWPPP requirements. As a result of COVID 19, however, Village operations were disrupted and public meetings were suspended by NYS, resulting in delayed completion and presentation of the 2019-2020 Annual Report

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?
 Yes No
F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village will continue to develop public information materials on topics relevant to stormwater management and make them available to residents, contractors and site designers.

7. Evaluating Progress Toward Measurable Goals MCM 6

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Village personnel will continue to monitor its infrastructure for maintenance concerns. The Village will continue to rely on the Town of Southampton for Highway Services via the existing IMA, including but not limited to storm drain cleaning, street sweeping, and winter/coastal storm clean-up.
--

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village does not have ownership or maintenance responsibility for any municipal properties or fleets, with the exception of Village Hall, public right-of-ways and stormwater infrastructure. The Village continued to forward any complaints received to the Town of Southampton, as the Village does not directly conduct highway maintenance.
--

C. How many times was this observation measured or evaluated in this reporting period?

			1
--	--	--	---

*(ex.: samples/participants/events)***D. Has your MS4 made progress toward this measurable goal during this reporting period?**
 Yes No
E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?
 Yes No
F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village will continue to evaluate the effectiveness of their partnership with the Town of Southampton, and consider the feasibility of augmenting existing services via either private contractors or sharing services with other nearby municipalities.
